# Institute of Management Accountants Nation's Capital Chapter December 17, 2008

**Linda H. Harber**

**Associate Vice President  
Human Resources/Payroll**

**George Mason University**

**Topic: "Generations in the Workplace"**

**We are delighted to announce Ms. Harber, will be our special guest speaker for the chapter's December dinner meeting. Associate Vice President Harber will share with us her perspective about working with individuals from multiple generations in the workplace.**

**Beyond technical competence in our particular fields, whether accounting, auditing, financially related, or beyond, accomplishing goals for our organizations involves interacting with coworkers. Enhancing our relationships with everyone has become a fundamental aspect of individual success.**

**Ms. Harber joined George Mason University in September 2003 and serves as GMU's Chief Human Resources Officer. She also draws on 25 years of experience at Virginia Commonwealth University. Ms. Harber has served both regionally and nationally with the College & University Professional Association for Human Resources. We know IMA members and colleagues will benefit from this valuable opportunity.**
